

Functionality for all of Your Business Needs

Business Class Phone with all of the Features You Need

With the Obi1032 12-line color IP-phone you get high-definition sound and functionality that gives users a crystal clear calling experience. Commonly used functions such as putting a caller on hold, transferring, picking-up or conferencing calls are intuitive to use and easy to set-up. Other calling and user features are easily programmed.

The Obi1032 has programmable keys within easy reach on the right side of the phone body. This allows for a customizable user experience. The Obi1032 is adaptable to the user, and creates an efficient call management platform for your business. WiFi adapters and Bluetooth adapters available at an additional cost.

Wireless Bluetooth Adapter

The Bluetooth Wireless Adapter allows a USB-equipped Obihai IP-Phone to pair wirelessly with your mobile phone. Giving you the ability to seamlessly switch from your cell phone to your business phone in the same conversation.

WiFi Adapter

The OBiWiFi wireless adapter allows a USB-equipped OBi device to connect to the Internet over a Wi-Fi network. This gives you the freedom to place the phone adapter anywhere within range of your Wi-Fi network.
